

Invitation

Catford Business Incubator Feasibility Study Tour and Workshop

4th June, 5-7 pm, Catford Town Hall

We (Tom Fleming Creative Consultancy) are currently looking at the business case for establishing an incubator space on the 5th floor of Catford Town Hall. This work is being undertaken on behalf of Lewisham Council and supports the council's wider strategy to provide more workspace for creatives across the Borough.

At this event we want to understand further the needs of creative businesses and explore issues relating to growing the sector and workspace.

After a brief tour of the 5th floor of Catford's Town Hall, we will have an open discussion session at the Civic Suite.

This is also a great opportunity to connect with other creative people and to explore how Lewisham's creative and digital businesses can better collaborate and work together.

Come and explore with us.

4th June, 5-7 pm @ Catford Town Hall

Please register sending an email to : laura@tfconsultancy.co.uk

We will send you the direction details.
